**Third Iron** is a leading library technology company trusted by over 700 organizations across 35 countries. Powered by our unique LibKey article-level intelligence and seamless integrations with library resources, we enable our clients to provide their researchers with:

- Enhanced Research Integrity: Identification of retracted articles (e.g., highlighting second-order retraction citations) at the point of discovery.
- Expanded Access: Increased availability of Open Access articles, including those in hybrid journals.
- Fast, Reliable Full Text: Quick and accurate one-click access to articles across various research platforms.
- Reduced ILL Requests: Lower Interlibrary Loan demand facilitated by LibKey.io.
- Effortless Browse: Intuitive journal navigation through BrowZine integrations.
- Seamless Full-Text Retrieval: Equip researchers with the LibKey Nomad browser extension to easily find available full text wherever they search online.

For more information, visit: [thirdiron.com](http://thirdiron.com).

### Online Demo Details:

The demo will review the LibKey product suite available, including new features, integrations, and use cases. Presenters will include Mark Hyer, Strategic Account Manager, and Third Iron colleagues.
