Leadership Connect

Leadership Connect is a comprehensive people intelligence service that has been connecting leaders in business, government, and media for 50 years. Leadership Connect delivers accurate, actionable intelligence on people as well as the organizations that employ them.

Leadership Connect gives you access to all government agencies — Federal, State and Local, and Congressional — as well as top media organizations, law firms, lobbying firms, public and private companies, leading PR agencies, management consultants, associations and nonprofits, and courts.

Join us to learn how to

- Search for people and organizations across eight communities including Congress, Federal and State & Local Government, and News Media
- Build lists of actionable people intelligence with contact-specific phone numbers and email addresses
- Create and save dynamic searches, curate contact lists, and export information for routine business and fire drills.
