Free, but advanced registration is required. Limited to 25 attendees. Login information will be sent to registrants 24 hours in advance.

Please notify FEDLINK at fliccfpe@loc.gov if you cannot attend to allow those on the waiting list an opportunity to register.

Founded in 2001, TDNet's expertise is in the development and integration of linking, Discovery, library portals, institutional repositories and authentication solutions in libraries and information centers.

TDNet maximizes the value generated from e-resources and helps libraries and information centers to effectively discover, access, manage, and maintain their electronic resources.

TDNet works with libraries and information centers to develop and design customized research environments for their users to maximize their investment in online resources.

Online Demo Details

Join Doug Madigan, Sales Manager for TDNet as he takes you through a live online demonstration of TDNet Discover.

TDNet Discover is a comprehensive platform for promoting your electronic resources and includes a discovery search component, OpenURL Link Resolver, completely customizable library portal based on an easy to use content management system, a digital institutional repository system and much, much more!

See how TDNet Discover can help your library!
