News from the Federal Library and Information Network (FEDLINK)

## → FEDLINK Continues to Discount Fees in FY26

For six years, FEDLINK has offered discounts on its normal 6.75% fee rate and relied on reserve funds to support our community. FEDLINK will continue to offer fee discounts and has introduced a new three-tier discount to ensure a more sustainable business model in FY2026 and beyond.

The FY2026 discounted fee rates for each IAA Annual order/7600B is as follows:

- Over \$1 million = 4%
- \$500 thousand to \$1 million = 4.2%
- Under \$500 thousand = 6.3%

For details, visit the [fee announcement](#) online.

## → Registration Opens for FY2026

Ready to create your interagency agreement (IAA) with FEDLINK? Complete the [Registration form](#), save a copy for your agency records, and email the signed form to [fliccfo@loc.gov](mailto:fliccfo@loc.gov).

FEDLINK cannot place orders with vendors until your IAA is signed and fully funded. The procurement action lead time (PALT) provides an estimated time frame to execute a contract action. It begins when FEDLINK has your full funding and final requirements. To anticipate the timing, review the [PALT schedule](#). Visit our [Account Management](#) webpage for account forms, G-Invoicing resources, and more.

## → Acquisition Thresholds Increase October 1

Beginning in FY2026, the Federal Acquisition Regulatory Council, or FAR Council, is adjusting acquisition-related thresholds for inflation. The micro-purchase threshold will increase from \$10,000 to \$15,000 while the simplified acquisition threshold will increase from \$250,000 to \$350,000. These increases will streamline acquisitions for low dollar-value requirements, with a shorter procurement action lead time and greater flexibility.
